## RICHARDSON FOR HARMONY FIRST

Danville Editor Withdraws As Candidate For Congress Against Gilbert

Due to a desire to do his utmost at this time to promote harmony in the ranks of his party, Col. W. Vernon Richardson, of Danville, has withdrawn as a candidate for the democratic nomination for Congress in the 8th district. His action leaves Congressman Ralph Gilbert, of Shelbyville, unopposed for re-nomination. So there will be no primary election among democrats on the first Saturday in August, although the republicans will hold a primary to choose between D. H. Kincaid, of Danville, and Ed Hubbard, of Lancaster, as their Congressional candidate to oppose Gilbert.

Col. Richardson's friends were not unprepared for his formal announcement which was made in the form of a letter to Judge Charles A. Hardin, of Mercer county, chairman of the democratic state committee. Correspondence between Judge Hardin and Col. Richardson covers the situation fully and will be read with interest. The letters follow:

Harrodsburg, Ky., July 3, 1922  
Hon. Vernon Richardson,  
Danville, Ky.

My Dear Vernon:  
I learned by telephone you are not going to Richmond today to meet Mr. Gilbert, and this upon my suggestion conveyed by Mr. Richard Stout.

I am very grateful to you for so much consideration as I understand you had prepared a speech and had intended meeting him. I sincerely hope you will have no reason to regret your action. No one knows better than myself that I am under personal obligation to you which I can never repay. Your fine loyalty to my interests and the warmth of your friendship can never be forgotten and I want you to know I stand always ready to prove my appreciation. You are finely qualified by exceptional advantages and legislative experience to represent this district in Congress. Your honor, your integrity, your dependable fidelity to your party and commonwealth proven by a life of devoted service merits recognition. Your courage to make a telling fight and your ability to look after your interests when the fight is on cannot be questioned. I say this much to make it clear that in the talk I have had with you and in my request that you refrain from meeting the Hon. Mr. Gilbert, at this time was not reflecting a personal attitude.

As Chairman of the Democratic organization in this state I have witnessed the getting together of our forces, the antagonistic elements of our party composed and the democracy of the state as I see it now marching shoulder to shoulder with high courage and perfect morale and looking with confidence to the future. This is as it should be and I fear a race for the Democratic nomination at this time under all the circumstances in this district would be disorganizing for the Democrats and heartening to the Republicans. A campaign between you and the Hon. Mr. Gilbert would be waged with vigor and courage, issues would be made and feeling aroused and I fear the party's position in the state and district would be weakened. If such would be the case I know no one who would regret it more than yourself; I know you well enough to know you would readily make a sacrifice of self interest when your party called. I beg you to consider it is not my purpose to dictate, but merely to give you my opinion as Chairman of the Democratic Party in Kentucky and if you should think differently I will know you are sincere and will honor your opinion. Whatever you do I am sure will be in the interest, as you see it, of the Democratic party.

Your faithfully,  
CHAS. A. HARDIN,  
Chairman

Richardson's Reply  
Danville, Ky., July 10, 1922  
Hon. Chas. A. Hardin,

Carload of "Self Sealers" In Freight continues to get to Richmond despite the railroad strike. A wholesale grocer on Tuesday received a carload of fruit jars from a factory in Wheeling, West Virginia. They were shipped on July 6th and reached here July 11th, which he considered very good time.

## DR. ARVIN ABELL TO SPEAK AT NORMAL

Normal school officials and pupils are delighted at receipt of news from Dr. Irvin Abell, of Louisville, that he has accepted the invitation to lecture before the school. The date has not yet been set, but Regent J. A. Schi-van will keep in touch with Dr. Abell and make due announcement later. Dr. Abell was in charge of a hospital in France and a number of local young men served under him. He is one of the ablest surgeons in Louisville and the south.

Chairman Democratic Committee Harrodsburg, Ky.,  
My Dear Judge:

I trust that you will pardon the seeming indifference to your kind letter of the 3rd inst., but I have been weighing the matters contained therein most thoroughly before answering, therefore the delay.

I, of course, realize that you are my warm, personal friend and am deeply appreciative of the spirit which prompted your letter. I know that you hold the interests of the Democratic party higher than the interests of even yourself or your friends, and this is as it should be, so long as you are at the helm. I want to thank you most graciously for the confidence in which you hold me and for the compliments, though unmerited, you paid me in your very friendly letter.

It was not so much the honor of going to Congress that I sought to enter the fight for the nomination, as it was a principle that I had long since stood for and that was my vigorous opposition to the proposed bonus bill. I am sure that the nation's tax is already too high and such measures as that and the like, should be held in abeyance.

To show that it was not a policy but a principle, you will recall that the Hon. King Swope and I had a wordy war upon this very topic. He attacked me in the Congressional Record and I answered as best I could in the Danville Messenger and the Kentucky Advocate. He was championing the bill and I opposed it. My strenuous opposition to this measure was the sole incentive for my entrance into this fight. I knew I was getting in late, too late, in fact, to cover the eleven counties in the district as I wanted to. Then I felt that my years of experience in Washington amply fitted me to render a real service to the district but that is beside the question now.

I submitted the speech I had written to be delivered in Richmond, to you and other friends, and you, as well as they, saw a most bitter fight in prospect and they felt it would be inimical to the party's interests, so rather than do anything that would hurt the Democratic party, I would forego my fight for the principle involved, hoping vigor and courage, issues would be made and feeling aroused and I fear the party's position in the state and district would be weakened. If such would be the case I know no one who would regret it more than yourself; I know you well enough to know you would readily make a sacrifice of self interest when your party called. I beg you to consider it is not my purpose to dictate, but merely to give you my opinion as Chairman of the Democratic Party in Kentucky and if you should think differently I will know you are sincere and will honor your opinion. Whatever you do I am sure will be in the interest, as you see it, of the Democratic party.

May I not in this letter thank you and those who so kindly proffered support to me. I shall ever be grateful and will court an early opportunity to repay for the innumerable offers of aid, of warm friendships and loyal cordial support. Thanking you, I remain, ever loyal to the Democratic party.

W. VERNON RICHARDSON

## SIX NEW MEMBERS ENTER ROTARY CLUB

Chester M. Sanford, vocational expert of the Redpath Chautauquas, was the guest of honor at the regular weekly meeting of the Richmond Rotary Club at the Hotel Glyndon Tuesday noon. Prof. Sanford gave the Rotarians some thought for earnest consideration in regard to proper selection of their life worn by the young men and women of America today.

Six new members were formally inducted into the Club at this meeting, their names and classifications being as follows: O. F. Hume, surgeon; Douglas Chenaunt, farmer; W. S. Broadus, life insurance; P. M. Sinyer, hotel proprietor; L. W. Dunbar, real estate; and Robert R. Burnam, Jr., postmaster.

The new members were given cordial welcome and impressed with the lofty ideals and aspirations of Rotary in a splendid address by J. Howard Payne.

Plans are being made by the Rotarians for a picnic at the river at some early date in conjunction with the Lexington and Winchester Clubs.

## HARDING PLEASES RICHMOND AUDIENCE

Former Governor Harding, of Iowa, gave a most timely lecture at the Chautauqua Monday evening. His subject was "The Clock Strikes Twelve." He stated that the nation must prepare for the dawn and could do so only thru the education of its youth. He advocated building schools for the boys and girls and not the boys and girls for the schools. He stated that he thought it is the state's duty to see that every child is taught the thing for which he is best suited. It was his opinion that every city school should be the best possible school as the nation's boys and girls should have every advantage.

Governor Harding also stated that he did not believe in pensioning teachers, but that they should be paid enough to dress and live as other citizens so the students could look up to them. With sufficient salaries teachers could save for old age as do veterans in other professions.

Tuesday afternoon Chester M. Sanford, vocational expert, discussed the "Failures of the Missions" in industry and the professions and the importance of choosing the right vocation.

In the evening the comedy success "Friendly Enemies," will be given by an exceptional cast of New York actors. If this play proves as great an entertainer as "Turn to the Right," the audience will be thoroughly pleased. The Chautauqua closes with Wednesday's program which will consist of two concerts by Vienna's Hawaiians and a program in the evening by Jess Pugh, the fun specialist.

## HOME AND STORE BURN WITH \$6,000 LOSS

The store and house of Lincoln Lamb, on the corner of E and Orange streets, were gutted by fire about eight o'clock Monday night. The flames were discovered in the rear of the house but the fire was so well under way that nothing from either the store or the house could be saved. Both buildings, furniture and fixtures were lost. The entire loss is estimated at \$5,000 or \$6,000, with only \$1,800 insurance. The house next door, in which Mart King lives, was damaged and some of his furniture was injured by the flames and water. The house is owned by Hanson Thomas.

Better see Burnam's Insurance Agency before the fire alarm calls the fighters to your home.

## CENSUS SHOWS 1,364 SCHOOL CHILDREN

Reports From All Cities of State Show Increase of 5,000 Pupils This Year

Frankfort, Ky., July 11—City schools throughout Kentucky will show an increase of at least 5,000 pupils, returns from the triennial school census, now being completed, indicate. With eight cities missing the census shows a total of 138,360 children of school age, in the cities, as compared with 140,349 for all of the cities three years ago. Seven of the eight missing cities, three years ago contained 5,302 children of school age, eighth city not being given in available returns of that census.

All of the cities in the state except Louisville are taking the census this year. It is estimated, however, that Louisville, including the recently annexed territory, contains 50,586 children of school age, including 43,605 white children and 6,981 negroes. The annexed district contains 4,685 white children of school age and 3,3 negroes, a total of 5,123.

The cities which have not made their returns together with the total figures for the previous census follow: Paris 1,282; Princeton 949; Lebanon 789; Jackson 669; Irvine 561; Corbin 1,241; Central City 801, and Beattyville, not available.

## BLUE GRASS SEED MEN MEET WEDNESDAY

Representatives of eight central Kentucky counties, famous for producing bluegrass seed, Fayette, Bourbon, Clark, Montgomery, Bath, Woodford, Madison and Scott, will meet in Lexington Wednesday morning to take definite steps to organize a Kentucky Bluegrass Seed Co-operative Marketing Association. The meeting will be held at the court house. Many of the counties in the proposed pool already have held county meetings and selected two committeemen each to represent them at the meeting. The association is modeled after the Burley Tobacco Growers' Co-operative Association.

NOTICE, BUSINESS MEN Many are delinquent on city license taxes due July 1st. All license taxes not paid by July 15 will be put in the hands of police to secure warrants for violation of the ordinance providing for same. All Taxes should be paid at the office of City Collector Jesse Dykes, Wm. O'Neil, Mayor. 160 4

## GERMANY STOPS CASH PAYMENTS

Paris, July 11—A moratorium on Germany's cash payments for the remainder of the year is thought in circles close to the Reparations Commission to be probable as a result of the conference between Dr. Fischer, chairman of the German War Debts Commission, and all members of the commission. In a hurriedly called informal session, Dr. Fischer said that the Germans would request a moratorium at the meeting tomorrow.

London, July 11—Premier Poincare, of France, will probably be invited here immediately for a discussion with Prime Minister Lloyd George on reparations questions as affected by the present conditions in Germany, it was reported in official circles here today.

French Want Delay  
Paris, July 11—The French government is opposed to an immediate meeting of the Allied powers to discuss the reparations situation and will only consent to such a meeting as a final step, it was learned today following a conference between President DuBois, of the Commission, and Premier Poincare.

## SHOT IN LEG WHILE HELPING AT FIRE

During the fire on Orange street when the store and home of Lincoln Lamb were burned Monday evening, J. D. Peel was accidentally shot with a .22 rifle. The furniture was being moved out of the house next to the fire and among the things was this rifle. Harvey King had the gun when another boy tried to take it from him. The weapon was accidentally discharged, the bullet striking Peel in the left leg. The bullet entered the leg behind the knee ranging directly toward the joint. The main vein of his leg was severed in two. This is a very serious wound although Dr. O. F. Hume reports him as doing favorably Tuesday morning.

Mr. Peel was helping the fire department unload the ladders when the accident occurred. Several months ago Mr. Peel fell from a pole and was seriously injured and has been out of the hospital only a short time. He is an employee of the Kentucky Utilities Co., and popular with all who know him.

## HOPPER FINED \$150 BY JUDGE GOODLOE

George Hopper was fined \$50 for operating a motor vehicle while intoxicated and \$100 for obstructing justice by resisting an officer, by Judge John D. Goodloe in county court Tuesday morning. During the same session of court, Squire Hensley was \$5 for breach of the peace. Dewey Parker plead guilty of the charge of operating a moonshine still and was held under bond of \$1000 to the second day of the October term of circuit court.

In police court Judge G. Murray Smith fined William Rayburn \$10 and cost for drunkenness.

## JACKSON BOY VICTIM OF STRANGE ACCIDENT

Clover Bottom, Ky., July 10—A serious accident occurred on June 27. Biff Baker, aged 8 years, grandson of Irvine Baker, of this place, was left at the house by himself while all members of the family were out in the fields at work. The boy in some way got hold of a pistol and supposed, by accident shot himself, the ball taking effect in the left eye and coming out near the center of the top of his head, evidently passing through the left frontal lobe of the brain. The boy was found a short time after the shot was fired, by a workman of the farm who passed by the house on his way to the field. He was lying on the front porch, a smear of blood. The man gave the alarm whereupon Dr. Jas. Settle, of Sand Gap, was hurriedly called and gave first aid but could promise very little hope of recovery. Then Dr. Mahaffey, of Richmond, was called and they performed an operation and removed the injured eye and did other necessary work which revealed that part of the brain was oozing out at each bullet hole. Strange as it may seem, the boy appears to be doing fine at this time, 14 days since the accident happened. The writer being a near neighbor and seeing the boy every day, is of the opinion that the child is going to recover as all the bodily functions have returned to a normal condition but his speech, however, he can express his wants by signs and the shake of his head and other ways of transmitting one's wishes. This boy is a great grand son of the old pioneer Boston Bob Baker, of Clay county, who was such a romantic pioneer of his day, and of whom some of the most interesting stories have been told in years gone by.

## 16 GRADED SCHOOL DISTRICTS TO REVERT

(By Associated Press)

Frankfort, Ky., July 10—At least 16 of Kentucky's 292 graded school districts will revert to the status of sub-districts in the county schools systems returns from the triennial school census received at the office of State Superintendent George Colvin indicate. Sixteen of the districts have not yet reported the result of the enumeration.

Fifty-one of the 273 districts already reported contain less than the minimum number of school age required for organization, but contain more than the number set at which they are to be dissolved as a separate school entity and placed back in the county system. A number of others contain barely more than 100 students.

The Kentucky School law recognizes three separate school district systems. They are the city, county and graded schools. Each is separate and rules itself. The county school system, of which the county school superintendent is the head, contains all schools not classed as city or graded schools.

The law provides that a graded school district must have at least 100 children of school age before it can be organized and leave the county system. It also must maintain a high school or else pay tuition for students who are capable of entering a high school. In order to remain in existence after once being organized, a graded school district must have at each census not less than 75 children of school age within its boundaries.

Besides the advantage of being ruled by a separate board, there are certain matters of taxation advantage in favor of graded schools. A higher rate may be charged and certain taxes on railroads are divided among the districts through which the lines run.

The schools which the census returns indicate will drop back into the county system because less than 75 pupils are listed, follow:

Trigg county, Cerulian; Pendleton, Demosville and Portland; Pike, Hardy; Meade, Ekron; Meade, Summer Shade; Magoffin, Falcon, Lakeville and State Road; Bullitt, Bardstown Junction and Belmont; Calloway, Chum; Campbell, California; Henry, Mt. Gilead and Turner's Station; Daviess, Seven Mills.

The schools, having less than 100 pupils, not including those with less than 75, follow: Trigg county, Golden Pond and Weallonia; Whitley, Kensee; Owen, Gratz, New Liberty and Wheatley; Owsley, Island City; Pendleton, Morgan; McLean, Sacramento; Metcalfe, Edmonson; Livingston, Carrsville, Lola and Salem; Magoffin, Ponceon; McCreary, Barren Fork, Flat Rock and Greenwood; Breckinridge, Stephensport; Calloway, Cherry; Carroll, English; Anderson, Tyronne and Gensboro; Boone, Union; Johnson, Jennie's Creek; Kenton, White's; Henry, Defoe, Emmence, colored, Franklinton and Lacey; Edmonson, Browns-

ville; Clark, Ford and Harris Branch; Crittenden, Dycusburg; Daviess, Masonville and Pleasant Ridge.

## MOTOR TRUCKS MUST NOW HAVE MIRRORS

(By Associated Press)

Frankfort, Ky., July 10—Every motor truck owned and operated in Kentucky must have a mirror or reflector attached to the front of the vehicle in such a way that the driver can see the road behind him. Not only must such attachments be put on trucks now in use, but it is unlawful for dealers to sell trucks with such an attachment.

The law requiring this was passed by the 1922 session of the General Assembly and became effective on June 13.

The statute states that "each commercial motor vehicle of more than one-half ton capacity, operated upon the public highways or streets of the commonwealth of Kentucky, shall be equipped with a mirror or reflector attached to and at all times located and adjusted upon such vehicle as to give the operator a clear reflected view of the highway directly to the rear in a line parallel to the side of the body of the vehicle and so as to enable the operator of such vehicle to see and observe machines and vehicles approaching from the rear and desiring to pass."

Failure to comply with the statute is punishable by a fine of not to exceed \$100 for each day the car operates without a mirror. The same penalty is provided for dealers selling cars without mirrors.

## Rev. A. C. Duncan Called To Whitlock Church

Approximately a year ago Rev. A. C. Duncan was called to the Antioch Christian church at Whitlock, eight miles from Richmond, to reach in the absence of the regular pastor. Now that the Whitlock pastor has resigned, a committee went to Ravenna to extend Rev. Duncan an invitation to preach for this congregation July 9. It is not definitely understood whether he will accept the call.

## OPENING OF ESTILL SPRINGS A SUCCESS

The opening of the Estill Springs hotel to the public on Thursday, the 29, was one of the most enjoyable occasions ever afforded the people of Irvine and vicinity, says the Irvine Tribune. Mr. Coleman Benton, the manager, with his efficient corps of workers, gave a very elaborate banquet which was followed by a dance in the large ball room. Judge Hugh Riddell acted as toastmaster at the banquet and gave a brief history of the Springs. He said the hotel building was 70 years old. He then introduced the speakers of the evening, who spoke at intervals during the meal. Mr. McDaniels spoke first in a toast to "Mine Host" which was full of humor and to the point. Judge Hurst spoke on "Why Go to Estill Springs?" Judge Sprout on "Good Roads to Estill Springs." Mr. Hayden on "Our Future" and Mr. Walker on "Boost Your Home Institutions." All these speeches were very timely and were much appreciated. After the banquet the guests adjourned to the ball room where a delightful program had been arranged by Madame Scovell, who is staying at the hotel. A classic dance was given by Misses Ruth Horton, Thelma Smith, Lois Rummager and Laura Riddell. Misses Norma Tate and Dorothy Noble and Misses Clarice Newton and Helen Anderson, of Florida, gave beautiful solo dances. After this program the guests were entertained with a ball for the rest of the evening. About 500 people were present during the evening and Mr. Benton expects to have as many visitors during the summer as he can accommodate. Everyone is glad that this famous old resort is once more open to the public.

Mr. and Mrs. Willie Salee, Mr. and Mrs. Herbert Salee and Miss Tabitha Tudor were guests of Mr. W. B. Whitaker and family near Edenton Sunday.

## Chinese Masons in Mexico In Warfare

(By Associated Press)

Mexico City, July 11—Chinese settlers in the state of Sonora have been engaging in a sanguinary warfare for several past months and so serious is the situation they have created that a petition has been sent the federal government to order the immediate expulsion of the two leaders of the principal Asiatic

factions. The Chinese National League in Sonora has been at odds for several years with the members of Chinese Free Masonry in that state and numerous mysterious murders and other crimes are charged to the activities of these two organizations. State officials believe that a wholesale deportation of agitators will clear the atmosphere.

## Entertains at Bridge

A very pretty party of the week was the morning bridge given by Miss Dorothy Grinstead at the home of her mother, Mrs. Gilbert Grinstead, on South Main street.

Summer flowers in profusion decorated the rooms and following the game a delightful lunch was served of chicken croquettes with cream dressing, potato chips, beaten biscuits, sandwiches, cream peas and pimientos in timbals and mint ice.

A gold pencil was awarded Miss Anna Webb Phillips, of Paducah, for high score and Miss Margaret Hunter, who made low score, was presented a small Japanese work basket.

The players were Misses Emily Prewitt, Bess Summers, of Lexington, Marian McArthur, Elizabeth Pendleton, Anna Webb Phillips, Mrs. Robert Woolcott, Elizabeth VanMeter, Marcia Keyes, Rebecca Boswell, Agnes Owsley, of Midway, Mrs. Floyd Clay, Mrs. Tom Proctor, Misses Margaret Hunter, Katherine Day Lena Mae Jones and Beulah Drake.

Misses Lydia B. and Lurla Mae Lane have returned to their home after spending two weeks with Lancaster and Bryantsville friends and relatives. Before returning home they visited Crab Orchard Springs.

## MONTHS OF SUFFERING

### How a Baltimore Girl Recovered Her Health

Baltimore, Maryland. — "For several months I suffered with severe backache and general weakness. I could not sleep comfortably at night for pains in my back. I found your book at home one day and after reading it began at once to take Lydia E. Pinkham's Vegetable Compound. I have had very good results and some of my girl friends are taking it now. You may use this letter to help other girls, as the letters in your book helped me." — ROSIE WALKER, 3013 Roseland Place, Baltimore, Md.

That is the thought so often expressed in letters recommending Lydia E. Pinkham's Vegetable Compound. These women know what they have suffered, they describe their symptoms and state how they were finally made well. Just plain statements, but they want other women to be helped.

Lydia E. Pinkham's Vegetable Compound is a medicine made from medicinal roots and herbs, and without drugs, to relieve the sickness women so often have, which is indicated by backache, weak feelings, nervousness, and an ambition to get anything done or to go anywhere. It has helped many women. Why not try it?

Paul Collins were in Lexington Monday to see Miss Belle Bennett, who continues very ill at the Good Samaritan hospital.

Mr. Clark Baker, of Hazard, was the recent guest of Rev. W. S. Taylor and Mrs. Taylor on Main street.

Mrs. J. A. Dean, of Owensboro, has arrived for a visit to her son, J. Hale Dean, and Mrs. Dean in West Main street.

Miss Helen DeGarmo is with Mrs. W. S. Taylor during the revival at the Calvary Baptist church.

## AT THE MOVIES

### Where There's a Will There's A Way

"Morals," a May McAvoy Realart starring vehicle which is showing at local theatres Tuesday, is considered in the Hollywood film colony as one of the most "willing" pictures ever made. The reason being the plethora of "Wills" concerned in its making. It is a William D. Taylor production, William Carlton will play the lead with William Lawrence in an important role. And Kathryn Williams has one of the best feminine star characters. To cap the climax—William J. Locke wrote the novel which Julia Crawford Ivers adapted for screen use.

### Remarkable Picture Made in Europe To Be Shown Here

One of the most remarkable and thrilling photoplays ever shown anywhere is said to be "The Golem," which will be seen at local theatres Tuesday. The picture was made in Europe and belongs to that unprecedented class of massive historical pictures of which "Deception" and "Passion" are leading exemplars. The story deals with a legend of mediaeval Europe and the scenes are laid in Prague in the 16th century. "The Golem" is a monster of clay brought to life by a Jewish Rabbi to save his race, and how he nearly brings that race to ruin is shown in some of the most tremendous scenes ever pictured.

### "Moran of the Lady Letty"

With Dorothy Dalton in the feature role, George Melford's big Paramount production, "Moran of the Lady Letty," an adaptation of the novel by the late Frank Norris, will be shown at local theatres Wednesday. Rudolph Valentino, who was featured with Agnes Ayres in "The Sheik," has the male lead of Ramon Laredo. Charles Brindley is Capt. Sternersen; Emil Jorgensen plays the part of Nels; Cecil Holland is cast as Bill Trim; Walter Long plays Capt. Kitchell and George Kuwa is Charlie Wong. This is believed to be one of the strongest subjects for the screen that could be found. Frank Norris was a masterly story-teller, whose untimely taking away robbed the world of a literary genius. "Moran of the Lady Letty" is an adventure tale of the Pacific seas, with thrills and the salt tang of the ocean in every scene.

## New Way To Spray Trees

(By Associated Press)

London, Eng., July 11.—A farmer in Kent a 50-acre orchard has solved in new way the problem of ridding his fruit trees of a plague of caterpillars. He engaged a flying machine and loaded it with half a ton of insecticides. The machine flew to and fro over the trees at a height of from 15 to 30 yards, scattering the poisonous powder. In half an hour the job was done and it proved quicker and cheaper than spraying the trees from the ground, and much more effective.

## GIVE A BABY SYRUP PEPSIN

Constipation, biliousness and like annoying ills will quickly disappear

A MOTHER is always anxious to give the safest and best medicine to a constipated baby, but is puzzled which to select. Let her decide by the ingredients on the package.

Every bottle of Dr. Caldwell's Syrup Pepsin has the formula printed plainly on the outside of the carton under the portrait of Dr. Caldwell, who wrote the prescription in 1892. You will find that it is a combination of Egyptian Senna and other simple laxative herbs with pepsin. It will not gripe the baby, and it is free from narcotics. A bottle sufficient to last a family several months can be had at any drug store, and the cost is only about a cent a dose.

While no one, young or old, need take a drastic purgative like salts or calomel, be especially careful what you give a

child. Some contain minerals, coal tar and other drugs that might prove dangerous by over stimulating the intestines or depressing the heart. The ingredients of Dr. Caldwell's Syrup Pepsin are recommended by the U. S. Pharmacopoeia.

### Half-Ounce Bottle Free

For escape constipation, so even if you do not require a laxative at this moment let me send you a Half-Ounce Trial Bottle of my Syrup Pepsin FREE OF CHARGE so that you will have it handy when needed. ## MOST EVERYONE HAS TO PAY A FEDERAL TAX

Forms for making returns of special taxes, due under the revenue act of 1921, during the month of July, now are available at the office of the Collector of Internal Revenue, Louisville, and the following branch offices: Lexington, Covington, Ashland, Owensboro, Paducah and Danville. To avoid penalty, return and payment of the tax must be made on or before July 31, 1922.

Return of the capital-stock tax of domestic corporations must be made on form 707; of foreign corporations on form 708. Form 11 is used for making return of the miscellaneous occupational and tobacco manufacturers' special tax. Regulations 64, governing the collection of the capital-stock tax; regulations 59, governing the collection of the miscellaneous occupational taxes, and regulations 8, governing the collection of the tobacco manufacturers' special tax also may be obtained upon request of the office of the Collector of Internal Revenue and branch offices.

The revenue act provides that "every domestic corporation shall pay annually a special excise tax with respect to carrying on or doing business equivalent to \$1 for each \$1,000 of so much of the fair average value of its capital stock for the preceding year ending June 30, as is in excess of \$5,000. In estimating the value of the capital stock, the surplus and undivided profits shall be included.

"Every foreign corporation shall pay annually a special excise tax with respect to carrying on or doing business in the United States, equivalent to \$1 for each \$1,000 of the average amount of capital stock employed in the transaction of its business in the United States during the preceding year ending June 30."

The basis of the tax in the case of a domestic corporation is "carrying on or doing business" in the capacity of a corporation or association. Quoting from the Capital Stock Tax Regulations No. 64: "The words 'carrying on or doing business' must be given every ordinary and natural signification. 'Business' is a very comprehensive term and embraces whatever occupies the time, attention or labor of men for the purposes of livelihood or profit. In other words, business necessarily involves the idea of gain." Every domestic corporation must make a return on form 707, even though the law may indicate that it is exempt from tax. The question of exemption is one for determination by the Commissioner of Internal Revenue.

The basis of the tax in the case of a foreign corporation is "carrying on or doing business in the United States." A foreign corporation is carrying on or doing business in the United States if it maintains an agent or an office or warehouse in the United States, or in any other way enters the United States for the purposes of its business.

Following are the miscellaneous occupational taxes: Brokers, \$50; pawnbrokers, \$100; ship brokers, \$50; customhouse brokers, \$50. Proprietors of theatres, museums and concert halls where a charge for admission is made, having a seating capacity of not more than 250, shall pay a tax of \$50; having a seating capacity of more than 250 and not exceeding 500, \$100; having a seating capacity of 500 and not exceeding 800, \$100; having a seating capacity of more than 800, \$300.

Circus proprietors are required to pay a tax of \$100; proprietors of bowling alleys and billiard rooms are required to pay \$10 on each alley or table; proprietors of shooting galleries, \$20; proprietors of riding academies, \$100.

Persons carrying on the business of operating or renting automobiles for hire are required to pay \$10 for each such automobile having a seating capacity of more than two and not more than seven, and \$30 for each automobile having a seating capacity of more than seven.

Section 1003 of the Revenue Act of 1921 imposes a tax upon the use of yachts, pleasure boats, power boats and sailing and motor boats with fixed engines, of over 5 net tons, length over 32 feet. Numerous inquiries having been received concerning this tax, it is stated these boats are divided into three classes with respect to length, and a separate

## MADISON BANKS DECLARE DIVIDENDS

Business and money matters in Richmond and Madison county are steadily on the improvement, according to bankers. At the semi-annual meetings of all the banks July 1st, reports show that everything is on the ascendency and that business has improved greatly over the last year or two. Semi-annual dividends have been the same or more than in the last reports and deposits show a healthy condition.

The State Bank & Trust Company declared a semi-annual dividend of 5 per cent and had \$6,000 to carry to undivided profits.

The Southern National Bank declared a semi-annual dividend of 5 per cent and reports that it had more deposits on June 30 than ever before on that date.

The Citizens National Bank declared a semi-annual dividend of 4 per cent and reports business on a decided increase. This is its usual dividend.

The Madison National Bank reports a semi-annual dividend of 6 per cent and states that business with it is first class.

The Berea Bank & Trust Co. declared a semi-annual dividend of 10 per cent.

The Berea National Bank reports a semi-annual dividend of 9 per cent.

The Waco Deposit Bank at its semi-annual meeting of the board of directors Saturday had the annual election of officers and declared a semi-annual dividend of four per cent. All officers of the last year were re-elected, with C. L. Searcy president; W. Q. Covington, vice-president; O. C. Rucker, cashier and R. L. Covington, assistant cashier.

## WANTS FILIPINOS TO EAT LOCUSTS

(By Associated Press) Manila, P. I., July 8—The general use of locusts as food by the people would soon rid the Philippines of that pest which is a menace to crops, in the opinion of Director Adriano Hernandez, of the bureau of agriculture.

"To bring about rapid eradication of the locust pest in the Philippines," the government should teach the people to learn more of the table delicacies that can be prepared from the insect and to eat more of them," said Director Hernandez. "If locust consumption can be made greater and more general in the islands the time may come when there will be no locust menace at all."

As a result of Director Hernandez' observations in several provinces he hopes to popularize the locust dishes and to teach the people to eat more of the insect. He has prepared a circular instructing provincial governors farm advisers and municipal officials to teach the people how to cook various kinds of locust food.

### Flappers Flap

Oh, flappers flap most everywhere, and they are dressed in dashing styles; their lovely charms they're showing off, while they display their maiden guiles.

But let them dress just as they may, or put on vain and vamps' airs, there's one who'll never say a word about their ways—he won't, no sirs.

And he who'd choose to raise a howl about their ultra ways is lost; for who would be so base that he would have a lady's leanings crost?

And such a man—if one there be—I simply never want to see, and if we met I'd send him forth but take another road for me.

Oh, flappers flap most everywhere and they have vampish wiles, I know; but let them flap and thus be gay, and stage this charming beauty show. —Fan

Fire on the New Amsterdam caused a seven hour first. From 1 to 25 men were overcome and had to have medical attention.

tax is provided for each class as follows: Over 5 tons, length over 32 feet and not over 50 feet, \$1 for each foot; over 5 net tons, length over 100 feet, \$4 for each foot. The Commissioner of Internal Revenue has held that a vessel must be both over 5 net tons and over 32 feet in length in order to be subject to the special tax imposed by this section. No return of certificate of exemption will be required in the case of boats falling below both or either of these specifications.

## BLUEGRASS SEED GROWERS TO POOL

Local bluegrass seed people are interested in the Bluegrass Seed Co-operative Marketing Association meeting which was held in Winchester, July 6. Five counties were represented: Bath, Fayette, Montgomery, Clark and Madison.

The association has already signed up about 400,000 bushels of grass seed, which will have to be cleaned and placed upon the market. It is claimed that without the organization of the pool the farmers could not hope to get more than \$1 a bushel for their seed. The following is a copy of the contract signed by the pledgers:

"It is mutually agreed by the undersigned, each with the other and with all signers of like contracts that they hereby authorize, empower and direct, as a committee to organize and incorporate the Kentucky Bluegrass Seed Growers' Association, under Kentucky laws, to be managed by a board of not more than twelve directors, from which an executive committee of not more than five shall be selected by said directors, the directors to be elected by the signers hereof, who become members of the same upon its incorporation by signing this contract each to have on vote, the elections to be held annually as may be fixed by the articles and by-laws to be prepared by said committee above named.

And it is agreed that all of the 1922 crop of Kentucky bluegrass seed grown or owned by the undersigned, an estimate of which in bushels is set opposite our respective names, is hereby pledged and shall be delivered to said association on its call for same, which shall be received, handled, commingled, stored, graded, insured, financed, cleaned and marketed by said association, on the co-operative marketing plan, and said association shall collect and distribute the proceeds to the members in proportion to the amounts delivered, after deducting all the expenses of said association incurred with reference thereto.

"Said association is authorized to perform all or any of these services and to do all acts necessary or proper for the carrying out of the co-operative plan or it may have same done by its agents under contract.

"The Association is to receive no profit for any of its work or business and to be without capital stock."

## HERO'S NAME GOES ON MONUMENT

(By Associated Press)

Frankfort, Ky., July 10—The name of General John Stuart Williams soon will go on the State Battle Monument in Frankfort cemetery. The work will be done on orders of Governor Morrow who was requested by the General Assembly, at its last session, to do so.

General Williams, then as captain, was in command of a company of 100 men from Clark county, Ky., the command known as the Clark County Independent Rifles, in the storming of the heights of Cerro Gordo in the Mexican war. His company was first to reach the top of the heights and their feat is credited with winning the battle.

After the battle General Winfield Scott breveted Captain Williams a colonel and placed him in command of a Kentucky regiment. At the head of this regiment he participated in the battles of Contreras, Churubusco,

Molino del Ray and Chapultepec. Later General Scott awarded to Col. Williams' regiment a flag for being the best drilled and finest appearing regiment in the army. He also accorded the regiment the honor of heading the army and escorting the commander-in-chief when they marched into and occupied Mexico City.

For some reason his name never has been placed on the battle monument, although the names of scores of Kentuckians, less famous than he, are cut in the stone shaft.
